Rapid Response call comes in. Dispatchers answer the call and decide if it is an immediate ICE emergency or not.

Non-emergency

Call will be documented and information relayed to proper department. (Dire legal, housing etc.)

Follow up will be done within a week.

Emergency

Dispatch will document call, read off of script, stay on phone with caller and tell RR team details and location.

RR Team will quickly go to location to support. Roles will be given to all and event documented. Follow up will be done with family immediately, and debrief with team after.

When calls come in about ICE sightings or unverified actions, organizational leaders will verify the action before sending out Rapid Response team.
