### **Williston Public Works and Engineering Hosts Ribbon Cutting and Grand Opening of Their New Complex**

**(October 9, 2019)** Williston Public Works and Engineering is celebrating the grand opening of their new complex located at 1121 5<sup>th</sup> St E.

The staff invites the public to come out to their new complex on Wednesday, November 6<sup>th</sup>, from 2:00 p.m. – 4:00 p.m. The celebration will kick off with a ribbon cutting at 2:00 p.m. followed by tours.

The new 96,000 square-foot public works complex will provide more than 20,000 square-feet for administration, more than 20,000 square-feet for the shop and about 45,000 square-feet for parking. The complex will be able to house all the equipment in one location and make sure it is ready to go out as needed.

Currently public works has 119 positions with 95 filled; the new complex will work as a recruiting tool in filling positions as it is a state-of-the-art facility for public works administration and equipment.

The community is encouraged to join us in this celebration and while touring they can checkout which mayors have rooms named after them.
