Delvo named Director of Marketing

WILLISTON, N.D. – Williston State College is pleased to announce that Brandon Delvo has been named Director of Marketing.

Delvo holds an Associate Degree from Williston State College and a Bachelor's Degree from the University of Jamestown. His work experiences include North Dakota Farmer's Union, Williams County Highway Department, Department of Homeland Security, and 11 years total service in the National Guard/ Reserve.

"Delvo has an extensive background in volunteer organizations and activities along with a deep connection to the Williams County Region, remarked Dr. Bernell Hirning, WSC President."

Brandon will assist in Marketing & Enrollment Services in promoting WSC which includes recruiting new students and representing the college at various community events and high schools throughout the region.

A primary focus that Delvo will take in his new role is focusing on the overall economic role that Williston State College plays in the region. "Ag & Oil are two major economic driving forces in the Williston Basin, and along with that is a need for skilled trades," Delvo said.

Skilled trade programs, along with a post-pandemic need for medical personnel, the role the college will play in future development of such things as future medical facilities is critical to serving the needs of Williston and the region. Another focus for Delvo will be the availability of scholarships that are provided to potential students in the region. "In a time when the issue of student loan debt is a big factor of whether students attend college or not, the scholarship opportunities that WSC provides will help immensely in a student's academic journey," Delvo said.

"As someone who has recently come back to the region, I'm looking forward to getting more involved in the Williston community," Delvo said.
