Clean Up Williston Oct. 14

The City of Williston is gearing up for its annual fall clean up. The "I Will Keep Williston Clean. Will You?" campaign will be held on Saturday, Oct. 14, from 8:30-1 p.m. at Davidson Park.

Williston sponsors two cleanups per year to help keep the community looking neat and tidy. The first cleanup is held in the spring prior to Band Day while the other one is held in the fall. Williston Public Works and its partners make the cleanup pretty easy for anyone who would like to help spruce up their community.

"We will have our headquarters at Davidson Park again," said Patty Fiorenza, Williston Public Works Solid Waste Superintendent. "That's where we will hand out free trash bags, gloves and safety vests. We encourage residents to join us for a fun and productive morning!"

Davidson Park will also have collection bins for electronics (no CRT TV's), used tires and household garbage. A free feed for volunteers will be held from 11:30 a.m.-1 p.m. This year Halliburton is sponsoring the meal.

"This is a great weekend to get your yard, workplace, church, school, park or playground cleaned up before the snow flies!" said Fiorenza. "A clean community is a much nicer place to live and visit."

Williston Public Works has created specific cleanup zones to ensure the entire city is spic and span. If you or your family, friends, co-workers or group would like to clean up a zone, please visit the Williston Public Works website or contact Fiorenza at 701-577-6368.
