## Continuing Education Conference and Product Show

Registration is now open for the Construction Specification Institute Albuquerque Chapter 15th Annual Continuing Education Conference and Product Show. The CEC & PS will take place on Wednesday, October 12 from 8:00 am - 6:00 pm at the Embassy Suites Hotel.

[REGISTER NOW](#)

This year we are offering two conference tracks:

Track A - Technology Track  
Track B - Sustainability Track

We are celebrating a milestone this year at the CSI Albuquerque 50th Anniversary Party that will be held directly after the CEC & PS.

Sign up by September 23rd to save \$25! You may select any workshop sessions to attend during registration. Receive 6 CELU HSW (pending).

## Hello!

Welcome to the 2016-2017 year for CSI Albuquerque Chapter! We have many exciting events planned for this year.

## President's Message

As the heat of summer wanes and the scent of roasting green chile begins to fill the air, your CSI Albuquerque Chapter Board of Directors has been hard at work planning for the 2016-17 year. We begin September 12th with a presentation by Matthew Higgins on Retro-Commissioning, and every month thereafter has a great program or tour planned. Our chapter capstone event returns on October 12 - the 15th Annual Continuing Education Conference and Product Show (CEC & PS).

The CEC & PS is shaping up to be an exciting event with excellent content. This year's theme: Supporting Innovation and Ingenuity in Albuquerque, focuses on thought leaders currently in our industry in Albuquerque. We will kick off the day with a speech from the ever-enthusiastic Gary Oppedahl, the Director of Economic Development for the City of Albuquerque and a serial entrepreneur. A panel moderated by Mr. Oppedahl, featuring some local firms in the construction industry who are embracing innovation in how they do business, will follow. The lunch keynote will be by Jennifer Lanzetti, of CN3D Construction, who spoke at the CSI Southwest Region Conference in March. The afternoon will feature two tracks of equal caliber focusing on Technology and Sustainability innovations in our industry. The day ends

with a party to celebrate CSI Albuquerque Chapter's 50 (50!) years as a chartered chapter. Six HSW CE credits will be available; but more than that, we hope the CEC & PS is an event with content that inspires dialogue, encourages interaction, and more great ideas come forth from the day.

2016 is a landmark year for the Albuquerque Chapter of CSI, as we celebrate 50 years since the chapter was chartered in 1966. Were it not for the forward-thinking industry leaders who, one day in 1966, decided to form the Albuquerque Chapter CSI, I (and many others who have participated in CSI Albuquerque since its founding) would not have the opportunities for learning, leadership, and camaraderie that I have had in the past five years that I have been a member of the Albuquerque Chapter CSI.

On a fall day this October, we will gather with a number of today's construction industry leaders in Albuquerque, to have a continuing education conference made possible by the vision of the leaders who chartered our chapter in 1966. What will be the outcomes of this conference that we may be celebrating 50 years from now? Come join the conversation about the future, get ahead of the curve, and be ready to be part of the vision!

Sponsorship opportunities are available with company sponsorship levels starting at \$300. To become a sponsor of the CSI Albuquerque Chapter, or for more details contact [Amanda Gonzales](#), CSI, CDT.

## September Lunch Program

**Retro-Commissioning (RCx):**  
Breathing new life into existing systems

Speaker:

Matthew Higgins, CEM, HBDP, LEED AP (BD+C), MBA

Founder & Chief Analyst - Vibrantcy

Aging buildings dominate the built-environment in many urban environments, New Mexico cities are no different and a robust RCx program can save money and create projects. Matthew Higgins will cover the various aspects of a RCx endeavor, including case-studies of buildings in Albuquerque and Santa Fe.

Please join us on Monday, September 12, 2016 from 11:30 am - 1:00 pm at the Embassy Suites Hotel (1000 Woodward PI NE, 87102).
