

Dorf Days Round 2 Registration is Now Open!

If you are studying for ARE 4.0 then you can't miss this opportunity to get the inside scoop on each of the exam vignettes. *Space is limited.*

Norman Dorf was one of the original authors of the ARE 4.0 vignettes. He then visited various universities lecturing on tips and tricks to pass them. He has since passed away but someone made recordings of all his lectures and they are now offered as study guides through NALSA, the ARE study guide company.

Dorf Days was previously only offered in Albuquerque but through a special agreement I have secured viewing parties in Las Cruces and Santa Fe! Thank you Studio Southwest Architects of Albuquerque, WDG Architects of Las Cruces, and AIA Santa Fe for graciously accepting to host these satellite locations.

There are eleven videos that will be shown over two weekends. Day one is \$60 and day two is \$72. If you purchase both days it will cost just \$100, that is a big savings of \$32.

We will air them Saturday, September 24th and the following Saturday, October 1st from 9:00 am to 1:00 pm. Light breakfast and snacks will be provided. (Plan to arrive at 8:30 am as we will begin promptly at 9:00 am.

*****Sign up and payment is through the NALSA website.*****
