

FOR RELEASE September 6, 2016

Are you ready to be a part of the vision of the future of the construction industry in Albuquerque? Are you looking for a continuing education event that inspires dialogue, encourages interaction, and will help you get ahead of the curve in our industry? If the answer is a resounding YES, then keep reading!

The Albuquerque Chapter of the Construction Specifications Institute is pleased to announce their Continuing Education Conference (CEC) and Product Show on October 12, 2016, with the theme : *Supporting Innovation and Ingenuity in Albuquerque*. It will be held from 8am-5pm at the Embassy Suites at 1000 Woodward Place NE, in Albuquerque. A celebration honoring the Chapter's 50th Anniversary will immediately follow the CEC and Product Show.

If you are a supplier of materials to the construction industry, the product show has booths available for you to get in front of architects, specification writers, facility owners, and contractors.

Come be a part of the conversation!

For information on registration, schedule of events, and sponsorship opportunities, please see our website: <http://abq.csinet.org/> Early Bird Registration ends September 23!

Contact: Melissa G. Rael, Conference Planner: Melissa@MGR-Events.com or 505-508-2999.
