COMPANY NAME	DATE	E-ZPASS MA ACCOUNT NUMBER
SIGNATURE OF AUTHORIZED CONTACT ON E-ZPASS MA ACCOUNT	Please Print Name	PHONE NUMBER

Vehicle Information: List all vehicles that will use the transponder(s) ordered. You are not required to order transponders for every vehicle listed below; transponders are transferable from one vehicle to another as long as they have the same vehicle reference code¹ and plate type. For example, a transponder for a private plate must not be used in a vehicle with commercial plates. Please photocopy and complete additional sheets as necessary.

Please note: You may add vehicles with private plates to your commercial account, but these private plated vehicles will be issued a commercial transponder and will be charged the commercial toll rates.

License Plate			Make of Vehicle e.g., Peterbilt	Model e.g., Classic	Vehicle Year	Vehicle Reference Code ²	Transponder Order ³ by Type ⁴

--	--

NOTE: Any transponders issued to you at no cost must be returned in original condition upon account closure or when no longer needed. If the transponder is not returned or it shows signs of misuse or abuse you will be required to pay a replacement fee.

Mail Transponder Re-Order Worksheet to:
 EZDriveMA Customer Service Center, 27 Midstate Drive, Auburn, MA 01501-1800 or FAX to 1-508-786-5222

- Footnotes:**
1. Enter the license plate number as it appears on your registration.
 2. Vehicle Reference Code indicates the type of vehicle, e.g., a code 525 vehicle is a truck with 3 axles, dual tires, and weighing a maximum of 7,000 pounds. See Vehicle Reference Code Guide on the back of this form.
 3. Check (✓) either box, as appropriate, to order a transponder for a vehicle; leave blank if only registering vehicle as a secondary vehicle.
 4. Interior transponders are mounted on the inside of the front windshield. Exterior transponders are mounted on the outside of the vehicle and are not easily transferred to other vehicles. Peterbilt tractors with outside metallic sun visors and auto carriers (vehicle reference codes 591 – 671) require exterior mounted transponders.
