COMMBUYS Upgrade June 12, 2021

The Operational Services Division is working with our COMMBUYS SaaS provider to install the next quarterly updates to the system. In addition to a new Commonwealth look and feel, we are pleased to offer the following enhancements effective June 12, 2021.

Enhancements

Brief Description	Current Experience	New Experience
New bid status for Intent to Award vendors – an Apparent Successful Bidder list	Unavailable	When <i>Enable Bid Intent to Award</i> is configured, a new Intent to Award bid status is available. With this status, the Bid, Bid Tab, and all Quotes are viewable by vendors logged into COMMBUYS. For public users, the Bid Tab and Quotes are viewable via the Advanced Search
Fine tune commodity code parameters within Approval Paths	Buyers may define Approval Paths based on six-digit commodity codes	Users may fine tune Approval Path parameters using up to 10-digit commodity code specifications
Simplified import/export of requisition documents	Unavailable	Buyers may import or export a CSV file for requisition documents – a potential time saver for Open Market purchasing
PunchOut processing for Apple mobile devices	Apple mobile users unable to process G2B PunchOut purchases	Buyers may shop G2B PunchOuts using Safari iPads, iPad Pros, iPhones, and desktops
More robust Vendor Advanced Searches	Vendor Advanced Searches slow in performance	New vendor search engine provides prompt response time
Search Open Bid opportunities by Category	Unavailable	Users may use various search parameters to refine their Open Bid searches – Grants, Building and Construction and Maintenance Services, for example
