#ThankWaterPros Webinar Series

Women in Water & Power: Working on the Frontlines

Michelle Reimers
Turlock Irrigation District

Pamela Murawski
Sacramento State OWP

FREE WEBINAR • YOU'RE INVITED Tuesday, October 6th, 11:00 a.m. - Noon

Calling all women (and women supporters) who want to feel empowered in the water, wastewater and power industries! Join us if you are interested in pursuing these amazing careers.

We're hosting a very special one hour webinar discussion featuring four women who work on the frontlines of California water. The webinar is free and everyone is welcome. We're also celebrating these amazing water professionals and all of California's water pros during Water Professionals Week, October 3-11. Are the water and power sectors welcoming and supportive of women? Are there opportunities to advance? How do I get into these careers, and where do I start? Is it safe? Do you get dirty? Join us and find out!
