

## LISTSERVS

Here are brief descriptions of each listserv. If there are other employees that are interested in any of these lists, please send Cheryl MacKelvie at [cmackelvie@casaweb.org](mailto:cmackelvie@casaweb.org) the email addresses and which list they want to subscribe to.

- **Air Quality, Climate Change, and Renewable Energy (ACE Workgroup)** – Provides updates on variety of issues dealing with climate change, renewable energy, and air quality issues. Agendas and materials for the monthly meetings are distributed through this LISTSERV.
- **Biosolids** - Frequent updates on legal, regulatory, and science issues related to biosolids management.
- **Communications** - Provides a forum for updates and information exchange from public information and outreach professionals working on community affairs programs/projects. Includes periodic reports from the Communications Committee.
- **Collection Systems Workgroup** - Provides updates and information on issues facing collection systems. Agendas and materials for the bimonthly meetings are distributed through this LISTSERV.
- **Federal Advocacy** - Updates from our federal legislative advocates regarding the latest developments from Capitol Hill, including bill tracking and key legislation that impacts our member agencies. The LISTSERV is also a forum for Federal Legislative Committee members to communicate.
- **Regulatory Workgroup** - Provides updates and information on important regulatory issues for both water quality and biosolids. Agendas and materials for the monthly meetings, including comment letters and important notices, are distributed through this LISTSERV.
- **State Advocacy** - Updates from our State Legislative Committee regarding state legislative advocacy including bill tracking and sponsored legislation that impact our member agencies. The LISTSERV is also a forum for State Legislative Committee members to communicate.
