

## **Brad Pantuck**

*ATSI Program Manager, ONR Code 353 Tech Transition and Transfer Programs*

Brad Pantuck is the former operations manager of the Department of Navy's Rapid Innovation Fund program at the Office of Naval Research in Arlington, Virginia. The program awards about \$60 million in contracts annually and serves as a technology transition venue for the Department of Navy. From 2012 to 2018 he managed the team that conducts due diligence and then guides select prototypes from development into operations. About 40% of the selected prototypes deploy into military operations within five years. He holds a B.S. degree in Mechanical Engineering from the University of Virginia and

a Master of Engineering Management degree (Commercialization of Technology) from Duke University. He and his family reside in Alexandria, Virginia.
