

The Library Association of Bermuda  
PO Box 3345  
Hamilton HMPX

1 July 2022

**Re: Request for Event Donations/Participation**

The Library Association of Bermuda is a charity in Bermuda that seeks to promote the profession of librarianship and libraries in Bermuda.

We are hosting an event on Saturday, 1 October 2022 from 6:30-8:30 pm to raise funds for the Association for the purposes of professional development, financial support for those pursuing the field of library science, increase programme offerings in the community and raise awareness of the role and benefits of libraries in Bermuda.

The theme of the event is called **Books, Bites and Beverages**. The aim is to create an evening featuring various stations of food and beverages that emanate from a favourite book of the various host tables. The hosts being libraries, librarians and booklover donors that participate in the event.

We are aiming to attract 100 patrons to this event which will include music, story-telling, poetry readings and other entertainment, all to aid in ensuring libraries and the library profession is promoted as an essential part of education and our community in Bermuda.

We are seeking support by asking organisations such as yours to participate in one of the following ways

1. Host a table by selecting one of your favourite books and providing food (bites) and/or a beverage that is inspired by one of your beloved and favourite books
2. Contribute bites (a platter) to offer to our guests
3. Contribute beverages to offer to our guests
4. Contribute a raffle prize (gift basket)

If you are able to contribute to this event and want to host a table to donate by providing food or drinks, please contact Bernadette Tucker at [librarybda@gmail.com](mailto:librarybda@gmail.com).

Thank you very much for your time and consideration in helping to highlight and promote libraries in Bermuda. Any contribution would be gratefully received and very much appreciated.

We would appreciate a response by 15 August 2022 with confirmation.

If you have any questions or want to discuss this proposal, please feel free to contact us directly.

With kind regards,

LAB Executive
