- 6) Enter the unique information provided by your school district to find your child. Repeat this step to find additional students.
- 7) When all students are added, you can then view transportation information for each of your children.
- 8) If you'd like to share a student link with another person, select your student and click the student options button in the lower-right corner.
- 9) Choose which students to share, then enter the email address of the person you'd like to share with. That person will receive a confirmation email, which will then automatically link the student to that user. They will be required to register with Ride 360, if they haven't already done so.
