

What do you love? By Rev Mark Walz - Continued

This month I'm charging you to consider the question, "What do you love about our church?" What do you love about a free church?...

...Are you floating into the new church year as I am, on the joy of Sunday's Insight service?

Are you as excited as I am about our new members?

Are you planning to bring a friend or family member to Peter Mayer's concert on Saturday July 15? And to our Worship service with Peter on Sunday July 16?

And this coming Sunday July 2nd we're asking the same question for the after-service conversion, "What do you love about America, in spite of her flaws and failures?"

Our religion is important; our church is important. And your participation is the fuel that makes our future possible.

Have you found a team to join? We'd love to have you share your expertise.

With you here it will be a wonderful year!

See you in church.
