

Living Room Conversations

Technology and Relationships

Tuesday, January 10, 6:30 PM (virtual)

Friday, February 24, 10:00 AM (in-person)

Tuesday, January 31, 6:30 PM (in-person for teens, grades 8+)

Is technology our friend, the life saving tool of the 21st Century, or a manipulator of our minds and master of our time? Who is in charge?

Living Room Conversations offers a simple, sociable and structured way to practice communicating across differences while building understanding and relationships. Each session will gather 4 - 7 people for about 90 minutes to listen to and be heard by others. Rather than debating or convincing others, we take turns talking to share and learn, and be curious. **No preparation is required. Register for the session that is most convenient for your schedule.**
