

# The Passover Seder:

## Finding Meaning Today From Yesterday's Haggadah

A FedEd Workshop with  
Mitch Parker

Thursday, March 15, 7-9 pm

How do we continue to find relevance in the ancient text of the Haggadah? How might the prayers, stories and songs be used to create a meaningful and memorable Seder? Join us as we trace the creation and evolution of the Haggadah from early Rabbinic times to the twenty-first century and discover how to make your Seder relevant today. This workshop will include a series of questions and topics that can be used as part of your own Haggadah and seder.
