

# 2026 TSLCA SUMMIT

## The Future of Aging is Longevity Ready

April 14<sup>th</sup> 9-12pm | April 16<sup>th</sup> 12-4pm

Featuring our Keynote Speaker:

### Jennifer Rossano

Co-Author of “Longevity Ready: A Systems Approach to Aging Well at Home” Report

What will it take for us to all live healthy, engaged and secure lives in our homes and in the communities we love? It won't be enough for us to be personally informed and activated to make necessary changes. We must also be served by strong community organizations, live in communities that are intentionally designed to meet the needs of people at every age, and be supported by public policies and social norms that value health and well-being in later life. Join the TSLCA for a two half-day virtual summit exploring what it means for us, and our organizations, communities and systems to be “longevity-ready.”

Some Topics to be Covered:

**Community Planning**  
**Intergenerational Programs**  
**AI Companionship**
