**STEVE RIZZO**

HALL OF FAME SPEAKER

**M**any people have a difficult time with change, but in its inevitable process are the seeds of great growth. You just have to stop resisting long enough to plant them. Steve will show your group how to embrace one of the biggest challenges in both the workplace and in our personal lives...CHANGE.

Discover the essential steps to surmounting change and achieving the success that lies on the other side.

In **Don't Just Accept Change, Master It!**, you will learn how to...

- *Be optimistic and eliminate negative self-talk*
- *Enjoy yourself during the process of change*
- *Overcome the stress and fear associated with change*
- *Unleash your "Humor Being" as a strategy to grow with change*
- *Create new ways of thinking to get the results you want*
