

Jim Roman

Strategic Coach & National Speaker

Strategic Coach and National Speaker Jim Roman of Business Owners Institute® **has been making a difference for small businesses and the associations that serve them for more than 20 years.**

Jim's **results-oriented programs, talks and trainings** help small business professionals rediscover the purpose and passion they have for their work and empower them to build businesses that grow robustly, run smoothly and benefit the lives of those who work there and the people they serve.

Jim's passion for this role is personal. He is the child of small business owners and has been one himself most of his adult life. His clients **accelerate the growth of their business**, often **doubling their revenue in less than 90 days** and seeing an **average sustained growth rate of 30% of a year.**

Jim's mission isn't just about **getting more done, in less time, with less stress**. It's about **living a great life** while you do it. It's about clients like Lorrie who says, "I was brave enough to build my house at the lake because Jim helped me envision what my life would be like one day." Jim's clients take up hobbies, spend more time with their families and see their dreams come true.

If you're ready to make more money, have more time and live your best life, Jim is your guy.
