Dear Brothers and Sisters,

Thank you for the gift of \$2,488.00 (check #301255846) on November 17, 2025 for the response to Hurricane Melissa. Gifts from supporters like you transform lives and are crucial to the success of God's work through Healing Hands International. Even when you support a specific ministry, it supports the core work of HHI, which includes clean water projects, agriculture education, empowerment for women, disaster relief, and the MAGI Project. Without the generosity of our donors, we would not have opportunities to reach precious souls who need physical and spiritual healing. Following is a story from one of our ministries.

Thanks to HHI's Clean Water Program, a community in India now has access to safe, life-giving water through a new borewell. For years, families from four nearby villages struggled to find clean water, walking nearly 1 kilometer uphill each day carrying heavy pots just to meet their basic needs. Many suffered from diseases like malaria and typhoid, and lives were lost due to the lack of clean water.

The local church, faithfully serving the community for over 30 years, now stands as a beacon of hope—offering not only physical refreshment but also building bridges of friendship and trust among people of all backgrounds. This borewell has brought more than just clean water; it has restored health, dignity, and unity to the community, giving everyone renewed confidence and hope for a healthier future.

We take very seriously the trust you've displayed by making this gift, and our promise to you is one of good stewardship. You can have confidence that we will use this gift to bless as many people as possible in the name of Jesus Christ. Please call or email me if I can ever answer questions or assist you in making additional gifts to HHI. This letter serves as your receipt and confirms that no goods or services were provided in exchange for this charitable contribution.

With gratitude,
