

Stay Connected

To better meet the congregation's need to communicate time-sensitive and important information to members of the congregation in a timely and efficient manner, we have subscribed to **TextAlertz**, a service that allows us to quickly and easily send text blasts to members' cell phones.

TextAlertz is a permission-based service. Text messages are only sent to members who "opt-in" by signing up to be added to our **TextAlertz** database.

To sign up simply text the keyword **CCRoxbury** to 855-908-6614, and respond **YES** to the confirmation text message you receive. You may opt out at any time by replying **STOP** to any text message you receive from us.
