

## QUESTION

What happens if I am not successful in the online learning format and need to withdraw from my classes, or my cumulative GPA falls below 2.0 at the end of the term?

## ANSWER

You will not lose your scholarship in either circumstance.

# FYI

1

**You may withdraw from your classes and you will not lose your Scholarship.** Please check with your Scholar Advisor to see if you can get a refund so that you can use this money for future terms.

2

**We will only terminate your Scholarship if you have a GPA under 2.0 *for more than one year*.** For example, if you have a cumulative GPA below 2.0 when you renew this summer, you will have one year to raise your GPA to 2.0 or above. Our Scholar Advisors will be there to help you develop a plan to do this.
