100th Day of School

The 100th Day of School is Wednesday, January 30th. We will be doing work centered around counting to one hundred such as sorting and counting objects, the hundred board, and a class favorite, exercising to 100. We are encouraging the students to do a special 100th Day project with their parents by finding 100 items and displaying them in a creative way (gluing on poster board, in jars, stringing on a piece of yarn or ribbon ...). This is a totally optional activity. If you and your child decide to make a 100th Day creation, please bring it to school on the morning of Wednesday, January 30th.

A signup sheet will be placed on our bulletin board on Tuesday morning for items that we will need for our 100th Day snack and other upcoming food preparation activities. Thank you in advance for your generous donations.
