

2023-24

Family Engagement Network

The Family Engagement Network (FEN) offers participants the opportunity to expand their knowledge and expertise regarding effective family engagement strategies through research and evidence-based practices facilitated by state, county, district, school site experts and education partners.

Participants receive information on current policies that impact the area of family and community engagement and dive into these topics using the family engagement framework and the eight state priorities.

Take this opportunity to network with dynamic educators, highlight your family engagement program and learn about promising practices in our region!

Audience

District, school and charter administrators
state/federal program administrators, parent
liaisons, families, and community partners

Facilitators

Marcelino Serna

Family and Community Engagement
