Our Mission

Casa de Esperanza strives to break the cycle of child abuse and neglect for at-risk infants, children and their families, by providing comprehensive residential and aftercare programs that transform people and communities.

A Story of Hope

The only reason a child comes to Casa de Esperanza is because they are not safe. They are scared in ways that those of us who had a well protected childhood will never fully understand. The open doors at Casa de Esperanza represent not only food and shelter, but a place where a child does not have to be afraid... a place of HOPE.

Your Support

For 40 years, Casa de Esperanza has operated with the belief that money should never be exchanged over the safety and care of children. Casa de Esperanza does not charge for any of our services and does not receive government funding. Your investment changes the lives of children and vulnerable parents who depend on Casa de Esperanza for hope and a future.
