---

*After years of operating leadership as CEO of a number of companies, Dennis Sadlowski joined Sun Capital as an Operating Partner / MD. Dennis works closely with leadership teams at several Sun Portfolio Companies across a wide spectrum of industries to accelerate value creation. Prior to Sun Capital, Dennis was CEO at CECO Environmental, Siemens Energy& Automation and Led LSG Sky Chefs North America. In addition, he held PE board roles at Trojan Battery and CBT technologies leading to successful exits.*

*Dennis Sadlowski is an accomplished Chief Executive Officer, Board Member, and PE Operating Partner, serving domestic and international businesses. He has delivered top and bottom-line growth by aligning and focusing teams, executing with operational rigor, and leading strategic acquisitions. He has led both public and private equity companies globally, in a variety of industrial manufacturing and services industries.*

*Dennis holds an MBA in Business from Seattle University and Bachelor of Science degrees in Chemical and Nuclear Engineering from the University of California, Berkely. Dennis was a competitive soccer player and remains an avid fan. He enjoys golf and traveling with his family.*
