

Skinfully Rich Blender Bar party experience

They say scents evoke the strongest memories...why not make your next party memorable at the Skinfully Rich Blender Bar?

At Skinfully Rich, our Blender Bar Party Packages are an experience, not your usual balloons and small talk. Sidle up to The Blender Bar right inside our store, where you and up to 9 of your guests will **personalize** and **craft** your own lotion, oil, bath salt, or salt scrub goodies to take home and use as a luxurious self care treat. Your guests won't forget to thank you for this one.

This two hour '**make and take**' experience offers you the choice of TWO options from our bespoke Skinfully Rich collection to create as a group: **8 oz. Luxurious Lotion**, **8 oz. Bodacious Bath Salt**, **8 oz. Sumptuous Salt Scrub**, or **4 oz. of our Opulent Oil**. All are crafted with the guests' choice in fragrance and essential oils that they sniff, test, and combine right at the bar, guaranteeing they'll love what they create! And the best part is: we plan it all for you so you can focus on spending time and creating boutique lotions, bath salts, scrubs, or oils with your guests.

With a range of packages including **food and drink** (and a ***bubbly* or wine option** for those extra special celebrations), no one will forget their time at Skinfully Rich. Whether it's a **Bachelorette or Bridal Party** looking to celebrate with some Strawberry Champagne-scented Opulent Oil, a **Birthday Party** capturing the fun in crafting some Bodacious Bath Salts, a **Team Building** event coming together to make unique Luxurious Lotions, or just a **Ladies Night Out** to spend time putting together that perfect relaxing combination of scents for a Sumptuous Scrub, Skinfully Rich caters to everyone!
