

# #BC23

## Badge design competition

We need a badge for the **#BackwoodsChallenge23**, and we would like the Scouts and Guides who are taking part to have the opportunity to create the winning design, whether it's for a badge or a camp blanket pennant.

The design can be for a badge or a camp blanket pennant. If it's to be a badge it can be any shape you like, but regular shapes (square, rectangles, triangles, circles or ovals) are easier and so cheaper to make: if it's a circle then can it please be no more than 75mm in diameter:

While we want you to be as creative with the badge design as possible, the badge must:

- ✿ have no more than eight colours (including black and white);
- ✿ include the Girlguiding trefoil and the Scouts fleur-de-lys
- ✿ include the wording **#BackwoodsChallenge23**

The competition is open to all Scouts and Guides, and you can create your masterpiece by hand or on a computer, and please feel free to enter as many ideas as you would like.

Please make sure you complete the entry form details otherwise how will we know who has won?

**A note of caution:** if your design is selected it may have to be modified before it can be turned into the badge.
