

TECH BOOST

A VIRTUAL EVENT TO SUPPORT
ST. JOSEPH SCHOOL
CRESCENT SPRINGS, KY

ANOTHER SUCCESSFUL CAV CALL EVENT

THANK YOU FOR ANSWERING THE CAVALIER CALL.

We did it together! We want to take a moment to thank all of you for your help in making Cavalier Call another successful experience for SJS. While we weren't together in person this year, we still came together to do noble work for our school. We asked for your help to give our school the Tech Boost it needs to continue to Aspire Higher in our digital age.

We set a huge goal of \$150,000. And you stepped up! We have reached that \$150,000 goal!

We had an incredible evening of generous support and were able to raise \$121,869 together, before our expenses! The generosity and hard work of this St. Joseph community is truly special. Our Tier 3 Tech Boost (highest level recommended, pictured right) has a total estimated cost of \$117,430. We set our goal to raise \$150,000 in order to boost our much-needed technology upgrade for our faculty and students in the school, and also cover the expenses of our entire 5th Annual Cavalier Call event.

Well, we are excited to announce that along with the funds we collectively raised during Cav Call, a very generous donor has come forward, inspired to help us reach our lofty goal and our highest level Tech Boost – and give our faculty, staff, and students the tools they need to best teach and learn in our modern world. We are truly grateful and humbled by this gesture. Even in a year we had to shift in so many ways to support each other and our school community, we find a way to come together. Congratulations, SJS. We will continue to update you on this Tech Boost progress.

Forever grateful. Thank you. Your 2021 Cavalier Call Committee.

WE HAVE REACHED OUR TIER 3 GOAL TOGETHER!

TECHNOLOGY IN OUR SCHOOL HAS NEVER BEEN MORE IMPORTANT.
