

SECONDARY COMMUNICATION

April 17, 2020

Dear Parents of Secondary (Grades 7 to 12),

Effective Monday, April 20, 2020, we will be back in school for the final push until the end of the academic year. Our CWA Interim Home Learning program will resume as per the normal school hours and day rotation (April 20 is a Day 1). On behalf of our faculty, I welcome you back and I know that our teachers are eager to re-establish connection with their students.

Parents, we again solicit your support in ensuring that your child is establishing a routine for each day of school and that they are participating in the lessons being delivered and are up-to-date with the work assigned. Prior to the Easter break our teachers were reporting very high levels of student participation in the CWA Interim Home Learning program and we want to maintain that trend until the end of the year. Our encouragement to all secondary students is that they continue to be fully engaged in their learning and if they (or you as a family) are encountering any difficulties, we ask that you communicate with your teacher(s) so we can find solutions together.

As we move forward with the next few weeks of school, I would like to make you aware of the following information highlights:

Secondary School Events Remaining for This Academic Year 2020:

- Our school calendar is full of events and activities that pertain to many different grades in our secondary school. We are reviewing these events in the context of all guidelines stipulated by authorities and we will communicate with you about how we will address these events as they come forward in a 30-day forecasting time frame.

Junior High and High School Parent-Teacher Interviews - April 23, 2020:

- The format of the interviews will be outlined to all secondary families on Tuesday, April 21.
- Face-to-face interviews will not take place.

Please enjoy the final weekend of your Easter vacation. While these times are challenging, I am confident that as a community we will continue to provide excellent ongoing student learning and formation. Thank you for all you are doing!

Blessings,

Darren Forrester
Head of School
