

Mental Health Offerings from the HPISD Counseling Department

Through a grant provided by La Fiesta, the HPISD Counseling Department would like to extend the opportunity for professional services at a trusted institution, the Center for Integrative Counseling and Psychology. This grant provides access for HPISD students, families, and staff to access mental health support, free of charge. If you are interested in these services, please reach out to a counselor at your campus.

Additionally, HPISD has partnered with Daybreak Health, an online therapy program with a self-referral option. Information about this program can be found [here](#).
