If riding at night, make sure you have a bike light – it's the LAW!

If you have to ride on the road, ride WITH traffic on the right side.
Do NOT ride into traffic.
Obey traffic signals and stop signs, just like a driver would.
At crosswalks, get off and walk your bike.

BE PREDICTABLE

Ride in a straight line and don't swerve between parked cars, or back and forth on the road.
Signal before you turn.
Check behind you before turning.

BE VISIBLE

Ride where people can see you.
Wear bright clothing & be bright at night.
Make eye contact with drivers before crossing streets and alleys.

THINK AHEAD

Anticipate what drivers, pedestrians, and other bikers will do next.
Watch for turning vehicles.
Look out for potholes, tree limbs, and other road hazards.
