All parent volunteers that will be working in areas of our school where children are present are required by the Piedmont School District to have a background check. I have attached the needed form, please print and fill out at your earliest convenience. Completed forms may be returned to our ECC office or directly to the district administration office 713 Piedmont Road N. The school district will cover the cost.

It will take a few days for your completed form to be fully processed. Once I have clearance from the administration office I will contact you and you may begin volunteering in our school. (I will not personally see ANY personal information or results of your background check, this is only reviewed by our administration). Please direct any questions you may have about this process to Elizabeth Quinones 405-373-2311, Ext 2202.

Again, I thank you for your interest in supporting our teachers, students and school.
