## Editor's Thoughts

Submitted by Jacki Fogarty, Editor

I've had the good fortune to enjoy several volunteer roles in my 11½ years with OLLI; my hands-down favorite is as the editor of *Outlook*.

*Outlook* used to be produced by OLLI staff; ten years ago, the responsible staff member, Christina Link, announced in a Concord Central Committee meeting that she no longer had the time to put *Outlook* together. I asked if it was just a matter of formatting the articles into the newsletter and volunteered to do that. Two months later, I asked for a decision on including an item in that month's issue and was informed, "You're the editor, you decide!" Ummmm.

I looked back at the January 2014 issue, shortly before my stint as official editor began, to remind myself what was going on in OLLI then. Prominent in that colorful issue was an article about the plans for OLLI's 10<sup>th</sup> Anniversary Celebration.

One of the front-page stories was the retirement of Tessa McDonnell, then the Dean of Students and External Engagement of Granite State College (GSC). Tessa had been heavily involved in OLLI for over two years at that point and how lucky we are that her retirement did not include leaving OLLI.

Then, as now, OLLI was focused on attracting new members, having members wear their name badges and promoting Spring Previews. Then, as now, members were encouraged to enjoy Mug 'n' Muffin events and lunches and to submit articles to *Outlook*.

In 2024, I hope that you recruit new members, that you wear your name tags, that you enjoy OLLI events and that more members will become involved in *Outlook* by submitting articles and pictures. **Happy 2024!**

### Happy New Year!

*"You are never too old to set another goal or to dream a new dream."* — C.S. Lewis

What a year of change for our learning community during 2023 – we became OLLI at UNH and joined the division of Outreach & Engagement, switched registration systems, received a new website, moved buildings and participated in more than 300 new courses and extra-curricular engagements! While we know change is the only constant in life, boy, did we embrace a vast number of adjustments and turn them into wonderful opportunities this past year!

As we move into 2024, I hope you will make OLLI part of your new year goals. Whether it is trying a course in a new subject, joining a Special Interest Group (SIG) to meet new people, sharing your talent in a committee, or even bringing a friend to join! If you would like assistance with how to become more involved in our learning community, please email [OLLI.office@unh.edu](mailto:OLLI.office@unh.edu).

We are excited to share that you can start thinking about these goals in just a couple of weeks as Spring 2024 catalogs are about to hit your mailbox! All current members will receive a catalog. However, if you know someone who may want to join, please have them call the OLLI office at (603) 255-3553 and we will send them a catalog and answer any questions they may have!

A special thank you to those of you who participated in our end-of-year fundraising campaign to support our continued growth and development. If you have not yet had the opportunity, you can still donate by clicking [here](#) or send in a check with your donation to OLLI at UNH, 59 College Road, Durham NH 03824. If you would like to support OLLI later this spring, we will once again be participating in the (603) Challenge in April, so keep an eye on your email inbox for more information!

I look forward to seeing you all in the coming weeks as we get together for Previews! Don't forget these are great opportunities to bring a friend so they can learn more about OLLI at UNH.

**Wishing you all a year of excitement and transformation surrounded by family and friends!**

## Manchester Preview

*Submitted by Jim Mahoney, Chair, Central Committee*

Greetings from the Greater Manchester Regional Central Committee! Here are some plans to keep in mind regarding our Spring Preview Event on January 26 from 12:30 to 3:00 p.m.

Last summer we experimented with an “expo” format rather than a straight recitation of information by presenters. We had a beautiful day in an outdoor venue, and it generated a lot of energy and enthusiasm.

Our next event will be a variation on that format. It will take place at Bethany Covenant Church in Bedford. We will start with a brief introductory session featuring Director Toniann Leavitt, speaking about projects and special offerings, followed by an opportunity to hear from some of our new presenters.

After that, attendees will visit with presenters stationed at table locations throughout the facility. Armed with catalogs, attendees can ask questions and explore new possibilities. Presenters will be those offering courses in Greater Manchester.

Refreshments will be served.

## SIG News

### Seacoast Favorite Trails SIG

*Submitted by Sandy O'Neill, Class of 2013*

The Seacoast Hiking/Walking SIG will meet on Tuesday, January 2 and Wednesday, January 10 at 10:00 a.m. Both days will feature the same hike.

January's hikes will be weather-dependent. If there is no snow, we will meet at the Hell Cat Trail parking lot #4 at the Parker River National Wildlife Refuge on Plum Island, MA at 10:00 a.m. The boardwalk offers many opportunities for bird sightings, and we may also walk the beach. We plan to walk about three miles and then head into Newburyport to share lunch. Here is a link: [Parker River National Wildlife Refuge | Map | U.S. Fish & Wildlife Service \(fws.gov\)](#).

If we happen to get snow before January 2, we plan to snowshoe at Northwood Meadows State Park in Northwood, NH. Here is a link to Northwood Meadows: [NH State Parks - Northwood Meadows State Park](#). We will meet at the parking lot at 10:00 a.m. This walk will also be about three miles.

It is important that, if you are interested in joining this group or any of our hikes, you contact Sandy O'Neill at [sandy\\_oneill@comcast.net](mailto:sandy_oneill@comcast.net) to be added to the email list. You will receive more detailed information about the hikes and you will also receive last-minute cancellation information if the weather becomes particularly inclement.

# Lunches and Learnings

## What is the Windows Administrator User Account & Why Do I Need It?

Friday, January 19 -- 12:00 – 1:00 p.m.  
Free! On Zoom

Has anybody changed their administrator account after getting a new computer? No matter how long ago? Most likely not.

Did you know that could be a problem? This might not be the most glitzy technology topic, but it could be one of the most valuable lessons you learn if you use a Windows computer.

The Windows administrator account is a special type of user account that's enabled by default when you first set up a new Windows computer. It's natively equipped with elevated privileges that can be used to perform tasks that require high-level access to the operating system. In this Lunch & Learn session, we'll explore the best practices when using this type of Windows user account, including when NOT to use it.

Presented by Mark Glisson, Hooksett Library

To register for this Lunch & Learn, [click here](#) to RSVP to JGFogarty228@aol.com.

### Technology You Can Use

*In 2024 the Technology You Can Use Lunch & Learn series will move to the third Friday of each month at noon on Zoom. Topics under consideration include how to use Canva, online security and what to do if you're involved in a data breach, more on management of your photos. If you have ideas for future topics, send them to [JGFogarty228@aol.com](mailto:JGFogarty228@aol.com).*

### Capital Region Chapter Chats

Submitted by Martha Walsh, Class of 2014

Meeting schedule change: In January and February Chapter Chats will meet on the last Monday of the month starting at 1:30 p.m. via Zoom. To receive a Zoom link for the meeting, contact Donna Frost at [dfrost49@hotmail.com](mailto:dfrost49@hotmail.com).

The January book will be the play *A Raisin in the Sun* by Lorraine Hansberry. This award-winning drama about the hopes and aspirations of a struggling, working-class family living on the South Side of Chicago connected profoundly with the psyche of black America and changed American theater forever. The play's title comes from a line in Langston Hughes's poem *Harlem*, which warns that a dream deferred might "dry up/like a raisin in the sun."

Books for February – May 2024 will be as follows:

- February (meets February 26): *The Sentence* By Louise Erdrich
- March: *March* by Geraldine Brooks
- April: *The Island of Sea Women* by Lisa See
- May: nonfiction: *The Splendid and the Vile: A Saga of Churchill, Family, and Defiance During the Blitz* by Erik Larson

Dates for meetings starting in March will be decided at our February meeting.

IMPORTANT NOTE: You are not required to finish or even read the book before the meetings. All are welcome to join us by Zoom on Monday January 29, starting at 1:30 p.m.

### Fresh Reads - Seacoast

Submitted by John Russell, Class of 2014

January's selection for Fresh Reads is *Vesper Flights* by Helen Macdonald. In it, she brings together a collection of her best-loved essays, along with new pieces on topics ranging from nostalgia for a vanishing countryside to the tribulations of farming ostriches to her own private vespers while trying to fall asleep. Meditating on notions of captivity and freedom, immigration and flight, Macdonald invites us into her most intimate experiences: observing the massive migration of songbirds from the top of the Empire State Building, watching tens of thousands of cranes in Hungary, seeking the last golden orioles in Suffolk's poplar forests. She writes with heart-tugging clarity about wild boar, swifts, mushroom hunting, migrations, the strangeness of birds' nests and the unexpected guidance and comfort we find when watching wildlife. *Vesper Flights* is a captivating and foundational book about observation, fascination, time, memory, love and loss and how we make sense of the world around us.

Fresh Reads meets on the third Monday of the month from 1:30 to 2:30 p.m. via Zoom. Contact John Russell ([russelljohnt@comcast.net](mailto:russelljohnt@comcast.net)) to receive a Zoom link.

# Chair's Chat

Submitted by Bob Muzerall, Class of 2018

The holiday season is my favorite. Thanksgiving is all about food and fellowship. Who could ask for more? Then, there is the rest of the holiday season (Christmas for our family) which ends with a party to start a brand-new year.

Have you thought about how you can make 2024 special? I have. I got a sneak peek at all the new courses that OLLI will be rolling out for the Spring semester. We'll all be getting our catalogs shortly with plenty of time to plan the semester.

When I get my catalog, I sit down and read about every course. It's exciting, and a bit discouraging. It's discouraging because I usually want to attend at least a dozen or two courses. That's a lot of money, and a lot of time. As both are in short supply, I must pare down my list.

This year I have a new plan for selection. What haven't I experienced? Consider the categories of courses:

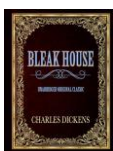

- Arts and Humanities. I'm a reader and always choose at least one literature course. I also taught several. I also love film, but have not taken any film courses. *I commit to taking at least one film course in the Spring semester!*
- History. I've taken several wonderful history classes. One was on the Battle of the Bulge; another was on the Sinking of the Lusitania.

## Off to the Races with Dickens

Submitted by Judith Castle, Presenter

For those of you who love Dickens, and those of you who would love to be introduced to Dickens, I'm offering a six-week class on *Bleak House* on Zoom this spring. Since this is rather a long novel, you might want to start reading as soon as you conveniently can. The first of six classes will be on February 21 (only 16 days after registration).

If you're interested in this course and want to get a head start, please email me and I will send you details on the edition of *Bleak House* we'll be using and a character list.

Judith Castle, Presenter  
[judcastle@comcast.net](mailto:judcastle@comcast.net)

OK. I have that area covered. If something hits my fancy, I'll take it.

- Science and Technology. I did this for a living before retirement. Still, I find it fascinating. *I commit to taking at least one Science and Technology course in the Spring semester!*
- Social Sciences. I've taken several current events courses and enjoyed them immensely. For those who have an interest, take the *New Yorker* course. It's outstanding!
- Explore the Community. Wow! I've attended many of these. I love every one of them. For those who have not tried one, I'd suggest something outside of your sweet spot. Make it a bit challenging. You won't regret it. In fact, *I commit to taking another Explore the Community course in the Spring semester!*
- Outdoor Adventures. I am always ready for my next adventure. Whether it's a course or a SIG, I'll be there.

To summarize, I commit to taking an Arts and Humanities, a Science and Technology, and an Explore the Community course. I'll sign up for a few more, just to make sure I have my bases covered. That's what my Spring looks like. Please consider following my suggestions. Let's meet up at one of the great OLLI functions!

*Leadership Council meetings are generally held on the Zoom platform on the fourth Monday of the month from 10:00 a.m. to noon, giving members the opportunity to observe our governance structure firsthand. All members are welcome. In January, however, the meeting will be in person (Manchester) from 10:00 a.m. to 3:00 p.m. Contact John Russell, at [russelljohnt@comcast.net](mailto:russelljohnt@comcast.net) for details.*
