# OLLI Volunteer Wins Prestigious Award

One of OLLI at UNH's busiest volunteers was recognized recently with AARP's most significant volunteer award, the Andrus Award for Community Service. Iris Altilio, a Capital Region member and volunteer with OLLI since 2015 has also shared her considerable skills with New Hampshire AARP for these many years.

The AARP New Hampshire Andrus Award for Community Service honors Granite Staters age 50-plus who make a powerful difference in their communities. Nominations are evaluated by AARP New Hampshire based on how the volunteer's work has improved the community, supported AARP's vision and mission, and inspired other volunteers. The award is named after AARP founder, Dr. Ethel Percy Andrus, an educator and champion of aging.

Iris's AARP work has placed her in a variety of roles including greeter for AARP Foundation Tax-Aide, a presenter for AARP Driver Safety and recently part of a national team working to improve response to AARP volunteer inquiries. She is also involved in legislative efforts through the AARP NH Capital City Task Force. With a passion for helping seniors avoid being victims of fraud, she is an AARP Fraud Fighter.

She has served as the Coordinator for the AARP NH Speakers Bureau. She uses her organizational skills and attention to detail every day, organizing more than 90 presentations throughout the state in 2023, supporting nearly 40 volunteer speakers, and presenting. She has brought programs to OLLI through the Speakers Bureau.

OLLI Class Assistants and Zoom Moderators recognize Iris's name from the class lists and communication she sends them twice for every class.

During her nine years with OLLI she has served on Central Committee, Steering Committee and is presently on the Capital Region Curriculum Committee. Her talents run equally to organization and art; she had performed data management on the previous registration system and also developed some of the most innovative holiday décor for Capital Region's annual party as well as the welcome gifts distributed to all OLLI students on their first day of classes at NHTI.

She was part of the early team of Zoom users and trainers when COVID shut down OLLI's in-person classes and continues to be an important resource on Zoom.

# OLLI Classes in November

Promoting creativity with or without native artistic ability continued to populate OLLI courses in Mt. Washington Valley where (pictured left) members created Bucilla felt ornaments (don't they look like Christmas cookies?) guided by presenter Paula Gray and "played with shape and color in the style of Henri Matisse" (pictured below) facilitated by presenter Nancy Hall.

Below, in Manchester, Jeff and Chur Masur brought one of their four-legged friends to their "Raising Puppies to be Guide Dogs for the Blind" course. Leading the charm offensive was the new addition to the course faculty team, six-month Arwynne.

Fr. Jerome Day (left) from Saint Anselm College brought his wonderful personality and lovely brogue to the Manchester campus for the first class in his "Taking a Deep Dive into the Psalms" course.

At right "The Forest & the Trees at the Florence Tarr Wildlife Sanctuary" course met first for a talk by presenter Dave Butler and then moved into the woods at the sanctuary. There, Dave showed the group how to identify aspects of a forest by learning about the trees... without their leaves!

*A perennial favorite course from the Capital Region is "Christmas at the Fells." Pictured at right is one of the two tours held this year,*

*At right, members of our Mt. Washington Valley learning region attended the "Self-Myofascial Release: Roll Away Tension & Increase Mobility" course in Conway. They look very relaxed, wouldn't you say?*

*At left, some 30 members exchanged books, book recommendations and stories about how certain books impacted their lives at the Capital Region Book Exchange.*

*Below, in the Seacoast Region, Dave Hanna, recently retired Dover Assistant Chief of the Dover Fire and Rescue Department, presented "Beyond the Alarm: Dover Firefighters' Enduring Legacy Across History!"*

**All OLLI Book Clubs welcome members from any region**

# Co-Chair's Chat

Submitted by Su Bennett, Class of 2014

*"We have two ears and one mouth so that we can listen twice as much as we speak" ~Epictetus~*

At our monthly Leadership Council (LC) meetings, we discuss and have input on many things pertinent to the welfare of our OLLI members. Over the last couple of years one of the challenges that OLLI Admin and the LC have grappled with is space - where can we meet for classes and events? Since the merger of Granite State College into UNH, the space that Granite State College had occupied and provided for our program no longer exists.

With detailed input and a White Paper (written statistics and description of our plight) from the LC, our director, Toniann Leavitt, met with university administration to share the mission and vision of our institute and discuss the importance of accessible classroom space in our learning regions.

Starting in the North Country, Mount Washington Valley (MWV) was the first region to feel the effect of the change. So some of our OLLI LC volunteers in MWV worked very hard to develop relationships with local businesses and libraries so we could use their space. However, as time went on, some of these community partners, who have expanding programs of their own began to have limited availability for outside programs. Through the hard work and persistence of the learning region's volunteers alongside the OLLI Admin, an agreement has now been signed with the Mount Washington Observatory (MWOBS) and we will have space in their office in North Conway.

The Seacoast Region has experienced similar challenges. Thankfully, the UNH Professional Development & Training Department has been generous to share their classroom space in Portsmouth for the past few years.

The Capital Region has been renting classrooms at NHTI - Concord's Community College and the City-Wide Community Center for courses and events. This has presented its own challenges that are being addressed

by our administration including broken elevators, busy buildings and parking lots, waiting for classes to end so we can set up for our own courses and having to park at a distance.

This fall, Greater Manchester has moved from the Brady Sullivan Building where our lease ended into offices at UNH-Manchester. This has provided us access to available classroom spaces and an opportunity for our program to be on campus. While this is great for the program to be more visible, it carries the added logistical challenge of need parking passes and finding a parking spot on campus, especially during busier hours.

Of all of these challenges, the most prominent one is that OLLI is now being charged an hourly rate to use most of the classrooms and offices, which is a change from the past and, of course, affects our budget.

We want you all to know that we do listen to members' concerns and try to address them the best we can. Please do not hesitate to contact any member of the LC or the OLLI office and we promise to listen.

And we wish all of you and your families a very wonderful holiday season and a very special New Year.

Su

P.S. And for a joke (as promised in my last Chat):

What do you call a snapshot from the North Pole?  
A polaroid.

*Leadership Council meetings are generally held on the Zoom platform on the fourth Monday of the month from 10:00 a.m. to noon, giving members the opportunity to observe our governance structure firsthand. The next meeting will be Monday, January 27. All members are welcome.*

*Contact John Russell, at [russelljohn@comcast.net](mailto:russelljohn@comcast.net) for information or a Zoom link.*
