## Reaching Out and Engaging With You

Submitted by Toniann Leavitt, Program Director

**Note: All underlined blue words or phrases are clickable links.**

Wow! What a success for our second annual (603) Challenge as part of the UNH community! A big thank you to our generous donors who supported OLLI during the challenge helping us raise over \$10,000 and unlock the additional \$2,000 bonus donation from the OLLI Leadership Council. If you didn't get a chance to show your support for our learning community, or if now is a better time for you to donate, you can do so on our website by clicking [here](#) or by sending a check for "OLLI at UNH" to 59 Taylor Hall, Durham NH 03824.

As we continue to fully integrate ourselves as a department of the university, things will continue to shift and change. One of our most recent updates includes that our Manchester location will be moving this summer from 1750 Elm Street to the UNH-M Campus at 88 Commercial Street. OLLI will have two available classrooms and two offices for our Administrative Team. At this time, classes will continue to run at our current locations in the Capital Region, Seacoast, and Mt. Washington Valley. Our team is committed to working with the university to provide appropriate classroom space for our program in each of our four learning regions.

I would like to extend my sincerest gratitude to our presenters, CA coordinators, class assistants, Zoom moderators and all those who have been involved in making our semester a success! Across the state this spring, we ran (and continue to run) 164 courses, 348 class sessions, and filled 2502 seats (55% of our seating capacity) so far. And enrollment numbers continue to grow as you may register

for most of the 84 courses remaining in this term right up to the last course in June.

In addition to these courses, each region hosted various activities including lunch & learns, lunch bunch gatherings at some new restaurants, community experiences, and new and continuing SIGs! We are now preparing for our fall 2024 semester with 174 engaging courses that have been recruited, selected and scheduled by our wonderful curriculum committees.

OLLI's biggest outreach effort has always been and continues to be through our members to their families and friends. Word of mouth is the greatest way to share the experience with others by telling them about your involvement in our learning community. If someone is interested in learning more about OLLI at UNH, they can view our current catalog online at [unh.edu/OLLI](http://unh.edu/OLLI), call the OLLI office to get on our fall 2024 catalog mailing list, or even attend one class session as a guest. Please call the OLLI office at (603) 255-3553 to see if a seat is available in a course they may enjoy.

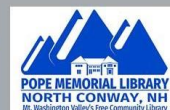

I look forward to wrapping up these last six weeks with the rest of our exciting courses and a trip to the [JFK Library](#) on June 18. If you have any questions or would like to discuss how you can become more involved in sharing OLLI at UNH with our community please reach out to me any time at [Toniann.Leavitt@unh.edu](mailto:Toniann.Leavitt@unh.edu).

*Please consider being a Class Assistant (CA)! We offer training and support! We will even help you sign up for courses for which you are willing to be a CA! Email Tessa McDonnell at [Tessa.McDonnell@unh.edu](mailto:Tessa.McDonnell@unh.edu) for more details!*

# OLLI Activities in April

Fourteen OLLI members enjoyed the Behind the Scenes at [New Hampshire PBS TV](#) tour given by Susan Adams, Educational Services Manager of NHPBS and coproducer of Granite State Challenge - NHPBS. Members learned just how much content they create, especially for educators! And the quality of the content is incredible! A full 63% of their revenue is from individual giving, explaining why their fund drives are so important to their ability to provide so much fantastic content!

Words cannot do justice to the terrific experience everyone had on the [Portsmouth Naval Shipyard](#) tour! Tour guide, Joseph Gluckert, was SO knowledgeable and personable! There is SO much more to the shipyard than most realize (both historically and at present).

## the Seacoast

Did you know that NH food insecurity has increased 40% in just the past 2 years? The common perception is that food insecurity peaked during the pandemic and has since tapered off or at least stayed stable. NOT TRUE! Anne Hayes, Executive Director of [Gather](#), presented the very real, shocking increase in food insecurity in general and what Gather is doing in Seacoast NH and ME to help.

Gather was founded in 1816 by a group of women at Strawberry Banke who wanted to ensure families of fishermen had enough food. It has gone through changes since then and its mission now is "to offer innovative programs that build food security in welcoming and dignified ways." Gather provides nutritious food and prepared meals without charge at its food pantry, its mobile markets and its Meals 4 Kids program. In addition, it operates the Gather Café at Great Bay Community College providing food to those with a student ID at half price (it is estimated that 50% of college students are food insecure).

# More OLLI in April

In Manchester, members enjoyed a tour of the Alva de Mars Megan Chapel Art Center on the St. Anselm campus to view "The Intimacy of Seeing: Elsa Voelcker, A Retrospective." Voelcker is a long-time New Hampshire photographer and instructor at Saint Anselm College. This comprehensive yet sensitively curated collection of her work spanned a long career and included a recent series of portraits of individuals with a variety of body modifications/decoration. OLLI was hosted by Fr. Celestine Hettrick, O.S.B, Assistant Curator at the gallery and a monk at Saint Anselm Abbey on the campus. In addition to his thoughtful discussion of Voelcker's work, he provided the history of the overhead murals decorating the gallery's barrel vault (above). Originally the chapel for the college and abbey, these understated yet elegant works were created by Fr. Raphael Pfisterer O.S.B in the early part of the 20th c. and includes images of 'good' versus 'bad' acts- used in part as lessons for students of the college.

At left, the star of the "Raising Puppies to be Guide Dogs" course in Manchester.

Above and at right, Manchester Game Day was a winner for all!

Above, "Maple Sugaring at the Rock" (brr-rr-rr!)

Top right, MWV members achieve relaxation through "Self-Myofascial Release: Roll Away Tension and Increase Mobility."

Right, 30 attended the MWV Lunch & Learn sponsored by OLLI in partnership with the Gibson Center and Memorial Hospital. Renee Wheaton, Gibson's Senior Resource Navigator, reviewed a kit she had prepared to have all the important information about your health, home and social contacts together in one place in the case of a natural emergency or medical issue. Memorial Hospital's social worker spoke about advance directives and provided an easy form.

## Technology You Can Use

## Seacoast Mug 'n' Muffin Senior Safety

The Seacoast Region hosted Chief Kevin Walsh of the Rye NH police department for a presentation on safety for seniors. He spoke extensively about the high levels of scam activity in our state.

He focused on the many ways scammers try to get through to us all, with special emphasis on schemes that target people over 60. Interestingly, and sadly, the national news had just featured an older man who shot and killed an innocent Uber driver. The man had been drawn in by a call about a “nephew” who was in trouble and needed money right away. The conversation was convincing enough that he stayed on the line and listened intently. Sadly the Uber driver was also scammed and the older man panicked thinking the driver was involved.

Tragic stories exist about seniors losing thousands of dollars and certainly losing their own sense of confidence in themselves and their own safety. Chief Walsh provided each attendee with a helpful card to keep in the home. He gave permission to provide it to all OLLI members.

[Click here to access it.](#)

Consider printing it out and keeping it in a convenient place . . . maybe the infamous “junk drawer” we all seem to have?

**Don't miss this!** One of the great and somewhat surprising tips we learned. Anytime you are using online banking, any kind of banking app or accessing your investment accounts (e.g., Schwab, Fidelity) **BE SURE YOU CLOSE OUT ALL OTHER THINGS ON YOUR COMPUTER, TABLET OR PHONE FIRST . . . even your email. THEN open the financial app or website.**

As scammers become more sophisticated there are new ways to reach across the open programs and steal information.

**OLLI On The Road for Summer Theater**

### *Death Trap* at the Peterborough Players

**Sunday, July 14 – 4:00 p.m. Matinee**

*Death Trap* was written by Ira Levin and, referring to itself as a play within a play, includes many plot twists. With two acts and five characters on one set, it holds the record for the longest-running comedy-thriller on Broadway. In this play, Levin has taken the basic components of thrillers and horror stories – murder, deceit, innocent dialogue with hidden meanings, plot reversals, unexpected turns of events – and rearranged the pieces again and again.

Look for more detailed information about this event in a member email within the next week.

# 2024 Tour of the Seacoast Region Kicks Off

The sun is shining, the daily temperature is rising and the Tour is ready to go. Friday May 17 at 11:30 a.m. we have a reservation for lunch at the famous **Fogarty's Restaurant** in South Berwick, Maine. To read more about the restaurant, get directions and start to think about what to order visit [www.fogartysrestaurant.net](http://www.fogartysrestaurant.net).

## SIG News

### Seacoast Favorite Trails Hiking SIG

*Submitted by Sandy O'Neill, Class of 2013*

The Seacoast Hiking SIG will hike the Sweet Trail in Durham on Wednesday, May 8, at 10 a.m. There will be no Tuesday hike this month.

The Sweet Trail is a 4-mile walk that is relatively flat and crosses marsh and uplands finishing at Great Bay. It is a walk for which participants will need to carpool if the walk is done from end to end. For this reason it is very important that participants email Sandy O'Neill at [sandy\\_oneill@comcast.net](mailto:sandy_oneill@comcast.net) if they want to do this hike.

Sandy will email those people on the email list a more detailed description of the hike and will identify parking areas and directions to the trailhead.

### Capital Region Healthy Walking SIG

*Submitted by Mari Astell, Class of 2019*

The heaviest snowstorm of the season and torrential rain sabotaged the first two attempts to get out and walk, but the third time was a charm.

OLLI in the Capital Region's fledgling Healthy Walking Special Interest Group managed two walks in April and now plans to walk every other week.

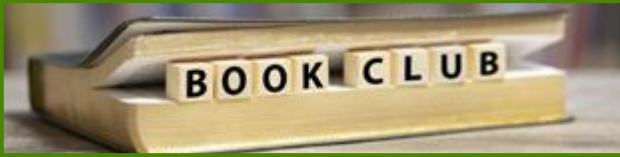

The first walk in May is Friday, May 10, at 11:00 a.m. at the Lehtinen Park & Jim Hill River Walk.

**Directions:** Access is off Horse Hill Road. From Runnells Road, continue on Horse Hill Road for about a mile. At the top of a small hill is a sharp turn. The Lehtinen monument is on the left. Park in the small area near the monument.

Look for the man with a dayglow orange hunter hat and an OLLI name badge. We leave on time!

For more information call Ray Mercier at (603) 831-3083 or email to [mercier.raymond@gmail.com](mailto:mercier.raymond@gmail.com). If you would like to be on the mailing list for future walks, contact Mari Astell at [maastell@gmail.com](mailto:maastell@gmail.com)

### Fresh Reads - Seacoast

Submitted by John Russell, Class of 2014

The May selection for Fresh Reads is *The Civic Bargain: How Democracy Survives* by Brook Manville and Josiah Ober. Is democracy in trouble, perhaps even dying? Pundits say so, and polls show that most Americans believe that their country's system of governance is being "tested" or is "under attack." But is the future of democracy necessarily so dire?

Brook Manville and Josiah Ober push back against the prevailing pessimism about the fate of democracy worldwide. Instead of an epitaph for democracy, they offer a guide for democratic renewal, calling on citizens to recommit to a "civic bargain" with one another to guarantee civic rights of freedom, equality, and dignity. That bargain also requires them to fulfill the duties of democratic citizenship: governing themselves with no "boss" except one another, embracing compromise, treating each other as civic friends and investing in civic education for each rising generation.

Manville and Ober trace the long progression toward self-government through four key moments in democracy's history: Classical Athens, Republican Rome, Great Britain's constitutional monarchy, and America's founding. Comparing what worked and what failed in each case, they draw lessons for how modern democracies can survive and thrive.

Join us via Zoom on Monday, May 20 at 1:30 p.m. to read this powerful case for democracy and how it can adapt and survive—if we want it to. Contact John Russell to receive a Zoom invitation.
