MINISTRY OF AGRICULTURE AND FOOD CONTINUED...

DIVISION/BRANCH	TOPIC
<i>Corporate, Policy and Priorities Branch</i>	Provides corporate leadership, coordination, and analysis of policy, legislative and data issues related to the ministry's mandate. The branch guides the development of ministry policy and legislation, including managing stakeholder relationships, participating in provincial policy and legislation development, and overseeing policy and legislative projects. The branch serves as the central resource for internal and external clients on relevant, comprehensive, high-quality, and timely economic and social data on the province's farming, commercial fishing, aquaculture and food and beverage processing industries. Additionally the branch is responsible for land use planning and geospatial services.
<i>Extension and Support Services Branch</i>	Identifies and promotes agriculture and food production/processing systems that are sustainable and enhance the economic benefits to the province. The branch maintains operations in all agriculture regions of the province to deliver ministry programs and services through a network of regional agrologists, technical and industry specialists. The branch works through a variety of strategic partnerships and is the primary point of contact for the ministry's agriculture clients, both businesses and associations. The branch also provides professional agricultural support to local government planning and emergency response processes, and to both the Agricultural Land Commission and the Farm Industry Review Board.
<i>Food and Beverage Branch</i>	Leads market and business development activities for farmers, food and beverage processors and Indigenous communities as well as key initiatives such as Grow BC, Feed BC, Buy BC, and the BC Food Hub Network. The branch works in partnership across regional stakeholders, industry, public sector organizations and levels of government to enhance the agriculture and food and beverage sector's capacity, inclusivity, and competitiveness, grow provincial food system resilience, promote career opportunities, and support current and next generation entrepreneurs.
<i>Food Safety Inspection Branch</i>	Safeguards public health by ensuring that agri-food, meat, and seafood produced in the province is safe and wholesome. The branch works in partnership with other federal and provincial agencies to facilitate food safety through three main program areas which are led by an Executive Director and supported by a team of administrative and policy and program advisory staff. The branch also supports food safety through the Canadian Agricultural Partnership by administering On-Farm Food Safety and Post-Farm Food Safety.
<i>Office of the Chief Veterinarian</i>	Provides provincial leadership on regulated animal and zoonotic diseases, One Health and One Welfare in B.C. The branch works to build resilient animal health systems for B.C. in collaboration with provincial ministries, the federal government, livestock industry, and veterinary professionals.

MINISTRY OF AGRICULTURE AND FOOD CONTINUED...

DIVISION/BRANCH	TOPIC
<i>Plant and Animal Health Branch</i>	Supports the sustainability of animal and plant agriculture while serving to protect the well-being of the people of British Columbia through diagnostic services, surveillance, risk assessment, and the development of strategies to address identified risks. The branch addresses plant health risks and issues that affect plant and agriculture productivity, environmental sustainability and competitiveness of agricultural crops in British Columbia. Through diagnostic services and surveillance, the branch helps protect human health with the timely and accurate diagnosis of zoonotic diseases in the public health and food safety sectors (e.g., SARS-CoV-2, influenza, Salmonella).
<i>Regenerative Agriculture and Climate Initiatives</i>	Supports formulation of strategies, identifies opportunities, and drives the development and implementation of regenerative agriculture, innovation, climate initiatives and emergency management. This includes advancing B.C. as a leader in food security and the emerging agri-tech sector, helping companies bring innovation to agriculture and position B.C. as an agri-tech leader. Developing strategies and plans to maintain a new regenerative agricultural network, creating opportunities for farmers and greater food security by bringing together natural systems of production with agri-technologies that enhance production. Developing strategies and plans to achieve CleanBC climate action plan goals, helping farmers, ranchers and food processors prepare for climate impacts and ensure food security. Oversight of the ministry's emergency management function, including management of issues relating to avian influenza, wildfire, floods, and other natural or unexpected emergencies.

ATTORNEY GENERAL

DIVISION/BRANCH	TOPIC
<i>Court Services Branch</i>	Responsible for case documentation and adjudication support for all matters going before the court, including case initiation and processing, fee collection, file and exhibit management, court clerking, court records and transcripts, interpreter services, and the preparation and dissemination of court orders. In addition, the Court Services Branch is responsible for courtroom and courthouse security, prisoner custody and escort, document service, and jury administration.

MINISTRY OF ENERGY AND CLIMATE SOLUTIONS CONTINUED...

DIVISION/BRANCH	TOPIC
<i>Energy Decarbonization Division</i>	- Responsible for policies and programs that advance energy efficient, low-carbon technologies and practices in the built environment through incentives and standards. This portfolio includes the CleanBC Better Homes and Better Buildings Program and the Energy Efficiency Standards Regulation. - Develops policy and program initiatives to decarbonize community energy systems through the implementation of clean energy projects in communities across British Columbia, including grid-connected local governments, Indigenous communities, and non-grid connected remote communities. This portfolio includes the CleanBC Remote Community Energy Strategy. - Responsible for developing and implementing legislation, policies, and programs to decarbonize the transportation sector and spur growth in the clean transportation industry in B.C. This portfolio includes the <i>Zero Emission Vehicles (ZEV) Act</i>, the ZEV Regulation, and the CleanBC Go Electric Programs. - Responsible for the implementation of B.C.'s Low Carbon Fuel Standard that requires fuel suppliers to reduce the carbon intensity of their fuels used in transportation and other applicable purposes (with a 30 percent reduction in carbon intensity for diesel and gasoline class fuels by 2030, and a 10 percent reduction by 2030 for jet fuels.)
<i>Climate Action Secretariat</i>	- Responsible for development and implementation of B.C.'s climate strategies. This includes both reducing greenhouse gas emissions and preparing the province for the impacts of climate change. The Climate Action Secretariat (CAS) is responsible for several of B.C.'s climate-related pieces of legislation, regulation, and programs. - Works to achieve provincial climate action goals through engagement and collaboration with Indigenous peoples, the provincial public sector, other orders of government, research institutions, non-governmental organizations, professional and industry associations and business and industry. - Responsible for key climate programs for local governments, like the Local Government Climate Action Program, which provides funding for climate action in communities, and the federal/provincial CleanBC Communities Fund, which provides funding for clean infrastructure projects. In addition, CAS provides support to local governments through the Community Energy and Emissions Inventory to understand emissions trends. - Works directly with industrial operators and verification bodies to ensure compliance under the B.C. Output Based Pricing System, manages the CleanBC Industry Fund, and develops new industrial climate policy such as Net Zero New Industry, which requires new industrial facilities to achieve net-zero emissions by 2050 (2030 for new LNG).

MINISTRY OF ENVIRONMENT AND PARKS

DIVISION/BRANCH	TOPIC
<i>Conservation and Recreation Division</i>	• The Parks and Recreation Program is responsible for the integrated delivery of two public facing lines of business, BC Parks and Recreation Sites and Trails B.C. (RSTBC). BC Parks is a land management and regulatory program focused on conservation and recreation services. These services are delivered through the acquisition, designation, administration, planning, management and regulation of natural resources and activities in 1,050 provincial parks, recreation areas, conservancies, ecological reserves, and protected areas. RSTBC provides public recreation opportunities by developing, maintaining, and managing a network of recreation sites and recreation trails on Crown land outside of parks and protected areas. • The Conservation Officer Service (COS) provides public safety and environmental enforcement services to British Columbians. The agency's core mandates include natural resource law enforcement and human-wildlife conflicts prevention and response. The COS is the lead agency in B.C. to respond to problem wildlife, including predator attacks on people that cause serious injury and death.
<i>Environmental Assessment Office</i>	• The Environmental Assessment Office (EAO) is a neutral regulatory agency that reviews proposed major projects such as mines, pipelines, oil and gas facilities, water management, waste disposal, resorts, and large infrastructure projects. • Under the legal framework of the 2018 <i>Environmental Assessment Act (the Act)</i>, the EAO implements a process to ensure that any environmental, economic, social, cultural and health effects that may occur during the lifetime of a project are thoroughly assessed. • The EAO coordinates its work with federal and provincial agencies, local governments, and First Nations, and engages the public throughout the environmental assessment process, to inform provincial Ministers' decision on whether projects should be approved to proceed. • The EAO has been working closely with other provincial regulators and permitting agencies to ensure all provincial reviews are efficient and streamlined – including coordinating with permitting processes while meeting consultation obligations with First Nations. • The EAO also has a reconciliation purpose under the <i>Act</i>, and accordingly works jointly with B.C. First Nations to assess a proposed project's impact on Nations and their rights. • If a project is approved to proceed, the EAO monitors and enforces compliance with its requirements to ensure that projects are designed, built, operated, decommissioned, and reclaimed in compliance with the conditions of their approval. • The EAO is carrying out a review of the <i>Environmental Assessment Act</i>, since it has been in place for five years, to ensure it is meeting its intended purpose to provide a clear and timely path for the assessment and potential authorization of responsible resource projects, advance reconciliation with First Nations, improve public engagement and transparency, and deliver stronger environmental protections. In 2025, the EAO conducted preliminary engagement with First Nations, industry representatives, and other levels of government to hear what has and has not been working with environmental assessments, to inform the scope and focus of the review. EAO will continue to engage with these
