Associate Professor, Mechanical Engineering

Adjunct Associate Professor, Human Centered Design & Engineering

University of Washington

[More info about this webinar](#)

Eric Perrault, PhD

"You are not alone: Leveraging your network to help navigate COVID-19"

Professor and Chair, Biomedical Engineering

Professor, Physical Medicine and Rehabilitation

Northwestern University

THE MR3 CENTERS

The Medical Rehabilitation Research Resource Network (MR3) is a consortium of six centers nationwide providing expertise, technology, and resources to support clinical and translational research in medical rehabilitation across a wide range of disciplines and disease focus areas.

The MR3 Network is supported by the National Institutes of Health Eunice Kennedy Shriver National Institute for Child and Human Development (NICHD), home of the NCMRR, in partnership with the NCCIH, the NIDCD, the NINR, the NINDS, and the NIBIB. Together, these resources enhance and strengthen the medical rehabilitation research landscape nationwide.
