Come learn more about Kindergarten at The Silver Academy! We'll have food, activities, and a movie for the kids and information about The Silver Academy's Full-Day, Dual Curriculum Kindergarten Program. Students use our state-of-the-art Penn State Lion Learning Lab for weekly hands-on science lessons and visit our touch-screen computer lab every week. Students have Kid Writing twice a week and publish original stories. Additionally, they participate in gym, art, music and library weekly. Our Judaics program teaches our students everything from the Aleph-Bet to Jewish holidays and integrates art and music throughout the curriculum. We can't wait to see you there!
