

DCED business approval letters have been mailed out

Pennsylvania's Department of Community and Economic Development has commenced to mail out approval letters for business applicants who participate in the Educational Improvement Tax Credit (EITC) Program and the Opportunity Scholarship Tax Credit (OSTC) Program. Approval letters are also being mailed out for approved Scholarship Organizations seeking renewal. Due to the large volume of applicants, letters will continue to be mailed out through the end of October; you can expect to receive your letter sometime in the coming weeks.

Please contact Shari Dym at sdym@silveracademypa.org if you have any questions about EITC and OSTC.
