

WI-AIMH Endorsement® Directory

Welcome to the WI-AIMH Endorsement* Directory! We wish to acknowledge each person who earns and maintains* IMH-E® or ECMH-E® because it represents an important achievement for professionals and the infants, young children, and families they serve. Click the buttons below to view the list of professionals who are Endorsed in Wisconsin. We are grateful for our IMH professionals and everything they do for or on behalf of Wisconsin children and families! Please note- there is also an [Endorsement® Registry](#) within EASy.

IMH-E®

Endorsement®

ECMH-E®
Early Childhood
Mental Health Endorsement®

Endorsement for Culturally Sensitive, Relationship-focused Practice Promoting Infant and Early Childhood Mental Health® (IECMH-E®) involves a standardized process to determine that a professional has accumulated specialized experiences in the infant and early childhood field and has signed a Code of Ethics. All applicants receive a copy of the Code of Ethics. An applicant's experiences are documented by the submission of an application that details competency-based training, specialized work experiences, and for most, reflective supervision/consultation (RSC) experiences. The application also includes official transcripts and three reference ratings. Endorsees as Infant/Early Childhood Mental Health Specialist and Infant/Early Childhood Mental Health Mentor have passed an exam that includes measures of theoretical knowledge, direct service skills, and their capacity to apply these principles into practice. This exam is scored by a team of two reviewers who are blind to the identity of the examinee.

To maintain Endorsement also requires ongoing training and, in the cases of Infant/Early Childhood Family Specialist, Infant/Early Childhood Mental Health Specialist and Infant/Early Childhood Mental Health Mentor-Clinical, ongoing RSC. Endorsees are also required to re-commit to upholding the Code of Ethics annually. Beginning in January of 2023, this commitment includes signing an attestation that the endorsee has not been sanctioned by a licensing board.

Endorsement is not a professional license or a certificate. WI-AIMH Endorsement cannot guarantee the quality of service of any endorsed professional. WI-AIMH Endorsement does not include a process by which complaints or concerns regarding ethics can be filed. If WI-AIMH becomes aware of possible ethics violations by an endorsed professional, complainants are encouraged to, when applicable, contact the individual's professional licensing board. The WI-AIMH Endorsement does not offer monitoring for ethics violations, however if WI-AIMH learns that an endorsed professional has been sanctioned by a licensing board, the individual's name is moved to the Inactive Endorsement Registry. Those professionals will follow the [policy for reactivation](#) to the Active Endorsement Registry once the licensing board's sanctions have been lifted.
