REFLECTIVE SUPERVISION LEARNING COLLABORATIVE

Learn **how to provide RSC** while **receiving it yourself**

The journey of an IMH professional often takes them to the place of supporting others to do this incredible yet complex work by providing reflective supervision.

Be a part of the powerful ripple effect that reflective supervision has on staff and in turn, on children and families. **Start your application today!**

The **Reflective Supervision Learning Collaborative (RSLC)** is a 12-month training program composed of learning sessions and active implementation phases, with built-in support throughout the process.

- Helps meet requirements for the Endorsed Reflective Supervisor add-on!
- Read more about the RSLC [here](#)
- Members save **\$200** on tuition!

*"The RSLC literally changed the way I live my life.
I am more in tune, reflective and aware of
myself, my needs and how that impacts
how others view me."
-RSLC Participant*

Do you support others using reflective, relational practices such as RSC or IECMH consultation?

Would you like to deepen your learning in a welcoming, warm environment with peers doing similar work?

Please join us in June as we deepen our connections to self and others. Keynote Speaker, **Corey Robak-Klein**, will present Harry Aponte's **Person of the Therapist Training Model** which will take us on an exploration of knowledge of self, access to self, and management of self.

Training hours can count towards initial Endorsement® and renewal!
