250

SPOTS AVAILABLE

Two Pathways into Consultation

Training, certification, and ongoing development for:

MENTAL HEALTH CLINICIANS

Clinicians looking to add the consultation skillset to their toolbox

First, learn the ins and outs of early childhood settings, roles, and routines.

Then learn the competencies of consultation and be ready to effectively support educators.

EARLY CHILDHOOD EDUCATORS

Early Childhood Educators looking to transition from classroom to consultation

First, learn attachment theory, trauma, child development, and clinical observation.

Then, learn the competencies of consultation and be ready to effectively consult on mental health.

HEAD START AND CHILDCARE, GROW YOUR OWN CONSULTANTS

Build capacity and stay compliant with our supervision service for non-clinicians

What Sets Our Program Apart

Accessible, Flexible, and Affordable

70% self-paced, 100% virtual and fits your schedule, only \$2,500 with founding cohort discount.

Day-1 Readiness, Ongoing Support.

4-month certification plus 8 months of supervision and professional development. Continue your growth with optional annual renewal.

Built by Leaders, Trainers, and Consultants

Taught and built by leaders, trainers and consultants from the National Center of Excellence for IECMHC.

Register by April 1, 2026 to Secure Your Founding Cohort Benefits
