

**From Rev. Amanda...Hello River Roaders ~  
Share your content on River Road's YouTube channel!**

As we are “flattening the curve” by creating some physical distance, we find ourselves with opportunities to build and create new ways of connecting. I am inviting each of you to help build our virtual community!

River Road's [YouTube channel](#) is just waiting for your content. Have a talent or skill? Perhaps a song you'd like to share, or a story you'd like to read. Wanna give a cooking lesson? Record and share on our channel!

**How it works - sharing content has never been more accessible:**

- If you have a smart phone, tablet, or laptop with a camera, just press record.
- Once you're done recording, send it to my email:  
[aweatherspoon@rruuc.org](mailto:aweatherspoon@rruuc.org).
- Once the video has been reviewed, I'll post it to our YouTube Channel!

Some ideas for content include: *baking tutorials, music lessons, performances of any sort, meditations, yoga sessions, arts & crafts, storytime, book reviews, funny stories/jokes, and so much more, the sky's the limit!*

If you have any questions, please [email me](#). I look forward to building this space with all of you!

Until we get on the other side of this, take care, be safe, and keep on keeping on.

Blessings and Love,  
Rev. Amanda
