Position: Survey Technician

Job Description

MBL Land Development is hiring a surveyor with experience in performing all types of surveys, including topographic, post construction as-builts, construction layout, boundary/ALTA, and wetland surveys. The ideal candidate will be comfortable performing all aspects of the field work under the direction of the project manager, comfortable with surveying equipment, and proficient at documenting all stages of survey work in the field book.

Responsibilities include, but are not limited to:

- Work independently with the instrument operator/field assistant to complete field work
- Maintain survey equipment
- Utilize record plans and deeds when performing boundary work
- Maintain legible field notes
- Work in all weather conditions, year-round
- Maintain regular communication with office staff on the progress on survey work and participate in planning and scheduling of survey field work
- Represent the company in a professional manner

Required Skills/Knowledge:

- Use of total station and data collectors for survey data collection and stakeout
- Proficiency in reading site development plans, as-builts, and record plans
- Operation of auto-levels
- Ability to work independently and work effectively with others to complete tasks

Qualifications:

- Experience performing boundary surveys, ALTAs, topographic surveys, as-builts, and construction layout
- Must have a valid driver's license
- Must be able to carry up to 75lbs

Degree in land surveying/engineering preferred, but not required

- Experience with AutoCAD is a plus
- Experience with Magnet Field is a plus

Salary Commensurate with Experience.

Job Type: Full-time

Salary: \$30.00 to \$40.00 /hour

Please send resumes to Mbperez@MBLlanddevelopment.com

MBL is an equal opportunity employer. MBL offers paid holidays, vacation and personal time, a Simple IRA plan with company match, and access to AFLAC plans. Relocation is not offered.
