

# Most Illinois families are eligible for a monthly payment from the Federal government of \$250 or \$300 per child for the rest of 2021!

## The Child Tax Credit (CTC) has been expanded for 2021.

- ▶ The credit is now worth \$3,600 per child under 6 and \$3,000 per child age 6-17 for most families.
- ▶ **Non-tax filers, including those with very little or no income, are now eligible for the credit.**
- ▶ Families can receive half of the credit through advance monthly payments from July-December 2021.
  - The payments are \$300 per month per child under age 6 and \$250 per month per child age 6-17.
  - Families will claim the other half of the credit when they file their 2021 tax returns.
- ▶ You can receive the credit even if *you* do not have a Social Security Number as long as *your child* has a Social Security Number.
- ▶ The child must have lived with you in the US for more than half of 2021.
- ▶ The Child Tax Credit will NOT affect your Medicare, SNAP, TANF, or other public benefits.

## How Do I Get Signed Up?

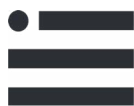

- ▶ Families who filed tax returns for 2019 or 2020 or who used the IRS Non-Filer Tool in 2020 to sign up for stimulus checks should automatically be enrolled.
- ▶ Families who have not filed tax returns for 2019 or 2020 should file a 2020 tax return to enroll in the advance payments. They can do so by either:
  - Filing a full tax return (which is a good choice for most families with earned income), or
  - Filing a simplified tax return using the IRS Non-Filer Tool or [www.GetCTC.org](http://www.GetCTC.org) (disponible en Español).

**HAVE QUESTIONS? Visit [GetMyPaymentIL.org](http://GetMyPaymentIL.org)** for more information from a coalition of local nonprofits, including information on the stimulus checks, how to file your taxes for free, and options for safe, affordable bank accounts.
