

Stud sponsorships are open to anyone - businesses, groups, organizations, churches, schools, YOU... the possibilities are endless! Your sponsorship may be eligible for a tax deduction. All sponsors will be recognized throughout the duration of the build and on our social media and website.

Channel your creative side and sponsor a stud! Write, paint or draw words of encouragement and well wishes. Your stud will then be incorporated into our build and surround our Habitat family as they start this exciting new chapter. You also have the option of having Guadalupe Valley Habitat for Humanity decorate the stud for you.

Return the stud(s) to us **by December 5th** and you will be invited to a special Stud Finder Party (Date TBD 2021) where you will see where your stud(s) ended up in the framework of the home. You will also meet the partner family at this event!

Studs can be decorated using any media, as long as the stud itself is not cut or altered. Paint, markers and ink are recommended. In order to ensure the blessing will be visible at the Stud Finder Party, decorate one side, and leave at least 6 inches blank on either end. Completed studs must be returned to 256 W Court Street in Seguin or you can arrange a pickup with Guadalupe Valley Habitat for Humanity.
