Georgia Farm Bureau is continuing its series of meetings statewide providing farmers a chance to hear from their state legislators regarding legislation passed during the 2026 Georgia Legislative Session. Farmers and members of Georgia's ag community can share their legislative concerns. Previous meetings were held in Quitman on April 21, Grovetown on May 11 and Rome on May 12. Meetings are free to attend but for planning purposes, we do ask that you register at <https://gfb.ag/2026-CVCC>.
