

## **MICRO FARM INSURANCE**

**March 31**

**deadline to enroll/renew**

The USDA's Risk Management Agency (RMA) reminds Georgia micro farm operators that the final date to apply for or renew crop insurance coverage for the 2027 crop year is March 31. Federal crop insurance is critical to the farm safety net. It helps producers and owners manage revenue risks and strengthens the rural economy. Coverage is available for micro farm operators in all Georgia counties. Growers are encouraged to visit their crop insurance agent soon to learn specific details for the 2026 crop year. Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available online using the [RMA Agent Locator](#). Learn more about crop insurance and the modern farm safety net at <https://rma.usda.gov>. The Georgia Farm Bureau Insurance Company contracts with four companies – American Farm Bureau Insurance Services Inc., Rain & Hail, Sampo, and Great American Insurance to offer crop insurance. GFB has more than 70 experienced crop insurance agents (and growing) across the state to help their members protect their investment. Find your local agent and learn more at [www.GFBInsurance.com](http://www.GFBInsurance.com) or email [crops@gfbinsurance.com](mailto:crops@gfbinsurance.com) for more details. USDA is an equal opportunity provider, employer and lender.
